Ron Gallmeyer Treasurer

In the black as of end of June \$3000 to the plus. Doing great compared to last year at this time.

Money from Ivy Tech event was returned due to Security not showing up and cleaning services not needed.

Shirts, patches and stickers cost \$300 more than expected, but sold \$800 worth at Coliseum event.

Donovan talked with other Regions about debit vs credit card for expenses. Other region uses credit

card with rewards points and uses rewards to help with the year end banquet. This is more secure than a debit card.

Melissa motioned that we research and get a credit card for the club. John second. All in favor.

Donovan Miner Solo Director

Divisional event a Coliseum made \$\$ due to having Dream Makers sponsor site. Lost out on

some numbers due to events at Indy and Oscoda, but overall a good event.

Jerry Strobe talked about how great the course was and was thankful for Steve Mieritz and Kevin Keys

for all their work getting it ready. Also would like to suggest having experienced workers at key

positions (e.g. start and grid) for future events. This would help with safety and running event in timely manner.

Need to get more trophy cones before next event.

Kudos to Solo D and Webmaster on getting event results out so quickly this season.

Next event is August 4-5 at Grissom, 4th is INR points event and 5th is Hoosier Challenge- points

event #5 for Fort Wayne.

Kevin Keys set to design course at Grissom for our Oct event.
